**REQUEST FOR APPROVAL OF DRAWING CORRECTIONS**

Dear Sir:

The Examiner is requested to review and approve the proposed changes to the drawings as described below. Replacement sheets of the affected drawing sheets are attached herewith. The amendments are fully supported in the specification as filed.

Fig. 5 has been amended so that "Worklist View – User BEN" is now labeled "59" rather than "58" in order to conform to 37 CFR 1.84(p)(4). The specification is being concurrently amended to reflect the use of "59" to indicate "Worklist View – User BEN" as shown in the replacement sheet for Fig. 5. Reference "72," which previously indicated the "User" link, has been removed from Fig. 5 to conform to 37 CFR 1.84(p)(5).

Fig. 16 has been amended to include "192" as a label for the "columns" in order to bring the drawings into conformity with 37 CFR 1.83(a).

In Fig. 3, per the request of the Examiner, previous designation "44-15" has been amended to "44"; "Process Instance Creation UI" has been amended to "Process Instance Activity UI"; "42-9, -10, -11, -12" has been amended to "42-9, -10, -11, -12, -13"; and the contents of the center box have been made legible and read "Worklist View."

In Fig. 20, "Process Instance Creation UI" has been amended to "Process Instance Activity UI" per the suggestion of the Examiner.

Rather than revising Fig. 18, Applicants have added the "222" reference to the specification, as indicated in the Amendment being filed concurrently with this Request for Approval of Drawing Corrections, to bring the application into conformity with 37 CFR 1.84(p)(5).

Should the Examiner have any questions or comments about the proposed drawing changes, the Examiner is invited to contact the undersigned attorney at the telephone number listed below.

Respectfully submitted,

Dated: June 28, 2004
